A MIRACLE

You just never know how establishing a relationship can be used by God to draw someone to Himself.

Ling is one such person. She began attending an English class at a S.A.Y. Yes! Center in an area of Los Angeles mostly made up of Chinese immigrants.

She had come to the States with her husband and two children from Mainland China as political refugees. After a short period she became overwhelmed and depressed because of culture shock and the disappointment of seeing America through the eyes of reality instead of the false dreams she had.

She came to the class to learn some English. It wasn't long before the staff realized she needed help. The church that supports this S.A.Y. Yes! Center reached out to the family. They were invited to church. The husband accepted Jesus into his heart but Ling did not. She was too broken.

The staff began to pray for her. They offered her help. Because the family was so poor they provided Ling with Christian Counseling. Through many trials and difficulties the staff at S.A.Y. Yes! continued reaching out to her.

A week ago Ling received a surprise. Her daughter who had left here in January, to go back to China, now wanted to come back to the States. In fact, she received permission from the Chinese government to come back. This NEVER happens!!!!!!

Ling shared this with the rest of the English class at S.A.Y. Yes! Everyone rejoiced with her, She was finally able to acknowledged that God loves her and her daughter being able to return to the States could only have been a miracle.

The staff has asked us to share this story with you so that you would be in prayer for the salvation of Ling and her children.

Providing English classes to the Chinese poor in the Los Angeles area is a wonderful tool to build relationships with the lost for Christ. We praise God for using us to help train and develop this S.A.Y. Yes! staff to connect with parents for His sake.

Thank you for your support,

Sheryl

Answered Prayer

God continues to answer your prayers. Most of our support for China has been raised.

Last month a language teacher in Illinois was willing to translate the Executive Summary of Cornerstones and Core Needs of Growing Kids into Chinese. Then he couldn't because of his job situation. Now we have found a missionary couple who is able to translate it for us. God is good!

Prayer Requests

Continue to pray for our support.

God has done a miracle raising the support we need to have in order to go to China. Now we need that same fervent prayer for our regular monthly support.

We are beginning to schedule dates for next year. We will be in Texas January - March then in California April - July and in the fall we could be back in the Northwest.

Pray for Churches who will be excited to receive what we have to offer, Family Peace.
