

People Like You

Our passion is to help children and youth to grow into mature adults who are capable of changing their life by making the choice to accept Jesus as their Savior and Lord.

We do this by training adults to use concrete tools from *Life Is Full Of Choices* to help them grow kids into adults who make healthy choices.

But the reality is our target group consists of adults who do not have the funds to pay for our training. Therefore we have chosen to give this training with little or no cost. This means the cost of most materials, our travel expenses, and our salary is covered through people like you who understand the need to support us as we make a difference for the future of these kids.

Making a difference in families like Karen's (not her real name) who was struggling to make ends meet because her husband lost his job. She was starting a job to help support their five kids ranging from 3 to 12 years old. Overwhelmed and with nowhere to turn for help, Karen was desperate.

Her mother heard about the Foundational Principles for Family Peace Seminar and encouraged Karen to attend. After the seminar she thanked us for giving her the tools by which she could make sense out of the chaos of her life and a way to create peace.

We received a note a week afterwards from Karen thanking us for helping her family. She said, "I am so grateful to your friends who gave me this gift and pray others will have the opportunity I did to go to this seminar. It changed my life and I will be forever grateful."

We are praying God would send us a committed group of people like you who see the need to reach out and touch these kids and their families?

Are you one of those people?
Would you help meet this need
with a regular contribution of
\$100, 50, or 25 a month?

We have appreciated your
prayers, now we are asking
for your support.

Sincerely,
Sheryl

Answered Prayer

Thanks for your prayers
for traveling safety.
The new truck and 5th
wheel are much more
reliable and more
comfortable too.
